CPD (SACPVP)

Understanding the role of the property valuer in local government, focusing on the valuer's function for compliance with the Municipal Property Rates Act

The Municipal Infrastructure Support Agent (MISA) in partnership with SAICE Professional Development & Projects (SAICE-PDP) invites you to attend this 2-day course that covers the role of the property valuer in local government. The course will focus on the relevant legislative frameworks that address property within the public sector. The responsibilities of the property valuer towards the preparation and updating of accurate valuation rolls will be highlighted.

Attend this course and learn about:

- What a property valuer does and how important this function is within local government
- About the various legislative frameworks that address property including Local Government: Municipal Property Rates Act, 6 of 2004
- How property data should be administered in smart local government
- How important the property register is for municipal rating as well as providing business intelligence for municipal revenue reporting.

Benefits include:

- Thorough legislative overview of property related statutes
- Clear work stream processes
- Practical case studies towards best practice.

Presenter:

Janet Channing (BA MPhil NDPV)
Registration (5228)

COURSE SCHEDULE

Venue: TBC (Johannesburg)
Dates: 19-20 February 2024
Time: 08:30 for 09:00 to 16:30

REGISTRATION

THE PARTNERS

This course is presented in collaboration with the South African Institute of Valuers in partnership with MetGovis.

SAICE-PDP's Municipal Academy was established to support practitioners employed in local government with applying theoretical knowledge and relevant legislation in practice.

MISA's mandate is to provide technical support and advice to municipalities, whilst strengthening their capacity, for effective infrastructure planning, delivery, operations and maintenance.
